

## Energy Efficiency for Public Transport Infrastructure in Central Europe

### Who funds us

Our project is funded by the Interreg CENTRAL EUROPE Programme that encourages cooperation on shared challenges in central Europe.

With 246 million Euro of funding from the European Regional Development Fund, the programme supports institutions to work together beyond borders to improve cities and regions in Austria, Croatia, Czech Republic, Germany, Hungary, Italy, Poland, Slovakia and Slovenia.

## WHAT WE DO

EfficienCE is a cooperation project funded by the Interreg CENTRAL EUROPE programme that aims at reducing the carbon footprint in the region. Most Central European cities have extensive public transport systems, which can form the basis of low-carbon mobility services. More than 63% of commuters in the region are using public transport. Measures to increase the energy efficiency and share of renewables in public transport infrastructure can thus have a particularly high impact on reducing CO<sub>2</sub>.

This is achieved by supporting local authorities, public transport authorities and operators by developing planning and financing strategies and action plans, implementing pilot actions, developing tools and trainings to plan and operate low-carbon infrastructure, and by transferring knowledge and best practices on energy-efficient measures across Central European regions.

Twelve partners, including seven public transport authorities/companies from seven countries are working together for three years to exploit the untapped potentials in this sector and to contribute to the EU's 'White Paper' goals to cut transport emissions by 60 percent by 2050 and to halve the use of 'conventionally fuelled' cars in urban transport by 2030.

## WHO WE ARE

The EfficienCE Project brings together 12 partners from 7 Central European countries.

### Austria

- Wiener Linien GmbH & Co KG

### Czech Republic

- Plzeňské městské dopravní podniky, a.s.

### Germany

- Stadt Leipzig
- Leipziger Verkehrsbetriebe GmbH

### Hungary

- BKK Budapesti Közlekedési Központ
- Mobilissimus Kft.

### Italy

- Comune di Bergamo
- Redmint Impresa Sociale s.c.r.l.

### Poland

- Przedsiębiorstwo Komunikacji Trolejbusowej Sp. z o.o.
- Politechnika Gdańska

### Slovenia

- Mestna Občina Maribor
- Univerza v Mariboru
