

Condensed roadmap for the Transport White Paper on Urban Mobility

Course description

Proposed measures, actions and milestones towards the White Paper goal on urban mobility: "Halve the use of 'conventionally fuelled' cars in urban transport by 2030; phase them out in cities by 2050. Achieve essentially CO₂-free city logistics in major urban centres by 2030."

Target audience

Relevant for companies, associations, NGOs that are involved with EU policy making related to Urban Mobility.

Thematic area

Electric Mobility
